Basically we have the Lodge...a big room with fireplace, a screen to show slides, videos, etc... A full restaurant kitchen with stoves, ovens, and refrigeration. You'll have a place to store and prepare food. There's an outdoor firepit if you want to cook in a dutch oven. Roast Turkey will be provided: Thanks, Julie

This is a wonderful gift from Colin, please respect the lodge and rules. No smoking in rooms. Go to [www.redcliffslodge.com](http://www.redcliffslodge.com) to see the resort. It's so beautiful you'll want your camera.

There will be **NO** drinking and driving, rooms are advised. If you live in Moab and don't want to get a room, have a designated driver, stay with friends in Castle Valley or **PLAN TO USE THE SHUTTLE SERVICE** we're setting up. We're really serious about this...
